Recipe for Local Business Success

Call: 615-669-3615

1. Own and control the perfect .com URL, web address, others ok, but we are in a .com world
2. Own and control secure hosting with a reputable host.
3. Master a content management system (CMS) WordPress is the world's most used web CMS. Wordpress is responsive so works on all devices. When done correctly opens up for management of great content such as text, photos, audio and video. Content is still king online and video the biggest opportunity. Fresh content creates search engine indexing, relevancy, and increases being found for more money making key phrase searches
4. Make your brochure conversion content current and add updates on regular basis – blogging or online newsletter
5. Make your blogging audio and video which is podcasting – a way to promote and advertise your business for free

6. YouTube associated channel and regular content configured with backlinks, descriptions, annotations,
7. Google Analytics, you can't improve what you don't measure
8. Facebook Business pages, events and groups for more engagement and backlinks Posting great content, going live, repurposing content from website, YouTube
9. Google Places configured and implemented
10. Moz.com Moz Local after all above is in place
11. Optional – Email marketing from subscriber optins – GetGetResponse.com
12. Live streaming content marketing
13. Paid Advertising after you know your money making key phrases Google Adwords, YouTube Ads, Facebook Ads, Facebook Video, Yahoo Search, Bing Paid Search being the biggest places to buy traffic. But this is only after you know your phrases, and you experience conversion.
